

A unit of the Arizona State University Knowledge Enterprise

**Job Title:** Associate or Assistant Professor of Logistics Management

**Job Posting Number:** 11960

**Job description:**

The Thunderbird School of Global Management at Arizona State University is seeking a tenure-track Assistant or Associate Professor in the area of Logistics Management. Responsibilities include teaching, course and program development, research, and service to the School and University. Candidates will be expected to take part in interdisciplinary research among academic areas within the School, University, or partners outside the University. Applicants must present evidence of teaching and research experience, and an interest in global business management; and a strong commitment to high quality teaching at both the undergraduate and graduate levels.

**School/Department Statement:**

The Thunderbird School of Global Management at Arizona State University is one of the finest business schools in the world with both graduate students and undergraduates. Our focus on developing solutions for the challenges facing our planet require developing problem-solvers from around the globe. From our world-renowned faculty representing six continents to hundreds of outstanding students who join us every year from around the world, the Thunderbird School of Global Management welcomes diversity and encourages global thinking. The Thunderbird School of Global Management delivers excellent quality and great value. It is one of the top business schools in the country, highly ranked for academics, practical research, and student outcomes.

For additional information regarding ASU and the Thunderbird School of Global Management, please visit <http://about.asu.edu/> and <http://www.thunderbird.edu/>.

**Required Qualifications:**

1. Ph.D. or equivalent in Logistics Management, Operations Management or Supply Chain Management with a global focus or a closely related field at the time of appointment
2. Applied research focus in manufacturing or service operations, supply chains, logistics or related area
3. Evidence of excellence in teaching at the post-secondary level

**Desired Qualifications:**

1. Demonstrated interest in one or more of the following areas: enterprise operations, supply chain management, logistics, international trade
2. Demonstrated effective teaching and student mentoring/advising at the graduate and undergraduate levels
3. Demonstrated ability to work collaboratively with colleagues and staff.
4. Demonstrated ability to work effectively with community members such as industry partners and others.
5. Industry experience (e.g., business consulting, executive education, related work experience) will be a differentiator.
