

Executive Master of Global Management:

Space Leadership,
Business, and Policy
(EMGM-Space)

About the program

Thunderbird's Executive Master of Global Management with a concentration in Space Leadership, Business, and Policy (EMGM-Space) is a one-of-a-kind degree for professionals seeking executive management expertise in the booming space sector.

Designed and taught by industry-leading faculty and experts, this 12-month graduate program is tailored for individuals pursuing careers in commercial spaceflight, defense and civil aerospace, AI and big data, and next-generation manufacturing. Being a graduate will open doors across the aerospace and technology sectors.

The cutting-edge curriculum prioritizes industry immersion and focuses on modern practices, principles, and case studies for corporate, startup, nonprofit and governmental organizations operating in space. To build cross-disciplinary skills, select courses feature renowned practitioners and scholars from ASU's School of Earth and Space Exploration (in addition to our stellar Thunderbird faculty).
