

Accelerated Master of Leadership and Management (AMLM)

About the program

Thunderbird School of Global Management's accelerated Master of Leadership and Management (AMLM) program is designed to deliver mastery in 21st-century leadership and management principles, allowing globally-minded students the opportunity to obtain both a bachelor's and master's degree in as little as five years. This in-depth program offers an optional specialization in AI, Analytics, and FinTech Innovation in Business designed to propel your career to new heights.

Created to empower graduates with well-rounded, future-ready skill sets, this transformational master's degree combines cutting-edge management coursework with a truly global curriculum, cross-cultural communication and negotiation training, personal development and leadership components to prepare graduates to thrive as decision-makers in enterprises that operate across borders. The accelerated MLM program is offered as an accelerated bachelor's plus master's degree with Thunderbird's Bachelor of Global Management or Bachelor of Science in International Trade as well as Ira A. Fulton Schools of Engineering's Bachelor of Science in Technological Entrepreneurship and Management.
