International Leadership for the Fourth Industrial Revolution

The world is innovating. Technology is changing the way we live and work. To succeed in this new paradigm, where machine learning and artificial intelligence are driving all industries’ practices to a level never before imagined, a revitalized brand of leadership is essential. In a world of technological transformation, Thunderbird is developing nimble, ethical leaders who are equipped to build sustainable businesses, economies, cultures and environments.

LEAD AND MANAGE IN HIGH-GROWTH MARKETS

More than ever, the world needs leaders. Sharpen your skills in Thunderbird’s Online Master of Applied Leadership & Management program (MALM), a unique online degree taught by Thunderbird’s world-class professors. The MALM is designed to explore leadership and management and delivers the highest quality graduate education in an affordable format. Offered in a hybrid model that blends flexible online learning with optional in-person experiences, the MALM combines Thunderbird’s prestigious tradition of graduate education with cutting-edge technology to deliver a transformative graduate degree.

Join students from around the world in the MALM program and become part of the globally connected Thunderbird alumni network that opens doors and opportunities.

CURRICULUM

MALM curriculum is delivered 100% online, with the opportunity to add in-person experiences during field seminars abroad or during a capstone week at the end of the program. Degree duration is 12-24 months.

“Thunderbird appealed to me because of their global approach to leadership and management in an increasingly interconnected world. The courses are based in established theory and designed to impart the skills necessary for professional advancement. I was able to take what I learned in class and apply it to real world situations for tangible, meaningful results.”
  - Keegan ’19

“I had a great experience, the support from faculty & staff really helped me as a first time online student”
  - Mariya, MALM student
